

# ASTER DM HEALTHCARE LIMITED

ADDRESS: Executive Towers, Bay Avenue, Aspect Tower, Sheikh Zayed Road, Dubai, U.A.E

## Who are they?

- Established in 1987, Aster DM Healthcare Limited is one of the largest private healthcare service providers, boasting an extensive number of hospitals, clinics, and pharmacies across the globe.
- Characterized by medical innovations and a history of excellence, they offer a wide variety of specialists and practitioners.
- Their aim is to provide patients with medical consultations and diagnoses, and ensure their comfort and wellbeing.

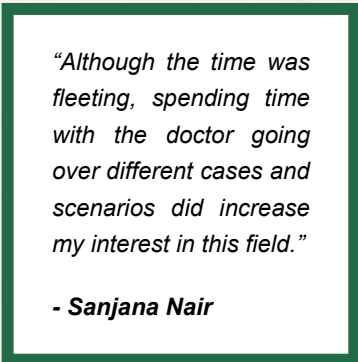

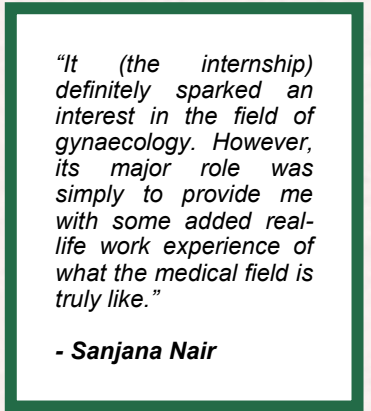

## What do they offer?

- The opportunity to shadow experienced doctors, specifically in the gynaecology and general practitioners' departments.
- Exposure to the framework of consultation and diagnosis procedures through the detailed discussion and analysis of cases.
- However, due to patient confidentiality policies, the direct observation of sessions is prohibited.

## How will this internship benefit you?

- Insight into the internal functioning of the medical industry.
- First-hand communication with medical professionals proffers a comprehensive understanding of patient interactions and diagnosis procedures.
- Provides an opportunity to expand knowledge on medical conditions, their methods of detection, and clinical procedures.

## Veteran Tips

- If you are prospecting a career in medicine and wish to garner knowledge on clinical procedures while acquainting yourself with the workplace environment, this internship may prove to be advantageous.
- The internship may not be rich in terms of frequent interaction with doctors, but the opportunity to shadow them will provide you with a deeper insight into their profession and lifestyles.
