

EVENT BROKERS DMCC

ADDRESS: 901, Armada Tower 2, Cluster P, Jumeirah Lake Towers, Dubai, U.A.E

Who are they?

- Founded in 2012, Event Brokers is an event management organization that provides and contract based services to a wide range of organizations across the UAE.
- Their master experience and phenomenal results in the field of event management have made them one of the most reliable and renowned firms in this sphere.

What do they offer?

- The opportunity to receive a first-hand experience into the world of event management.
- A platform to attain a wider perspective into logistics and organizational skills, while simultaneously building and strengthening one's work ethic.
- An unmediated experience on working with a client, due to their client-centered approach.

How will this internship benefit you?

- Due to their emphasis on management and organization, Event Brokers provides a beneficiary experience into building your logistical and time management skills.
- It also helps hone your workplace and interpersonal expertise, which are essential skills for any client-centered jobs.

"Not only did I learn the importance of patience, but was also able to effectively execute my logistics and management skills through this internship."

- Reza Fatima

"It helped me to discover the interpersonal skills that I didn't even know I had, and helped me build upon them. It also helped me strengthen my intentions of taking up a career in management in the future."

- Reza Fatima

Veteran Tips

- If you are someone especially keen on attaining a career in the field on business management and psychology, this internship fits the exact requirements to provide you with an excellent learning experience.
- This internship may not provide you with the most hands-on approach when managing events. However, it will provide you with further insight into the inner workings of a event management company and will help strengthen the essential skills that are needed to secure a job in this career path.
