

FIRST CHOICE ACCOUNTING

ADDRESS: Rubaya building, Al Qusais - Dubai

Who are they?

- First choice accounting is a small-scale business which manages the accounts of various firms and provides financial advice and consulting services.
- They monitor payments and other accounts and provide a set of complete bookkeeping services.

First Choice Accounting

What do they offer?

- They provide you with a comfortable yet professional working environment, where anyone looking to head into the accounting world as a potential career can set their feet on the ground and have a look around at what the career has to offer.
- They will teach you the skills necessary to pursue such a profession and the basic knick-knacks of managing and working with their very own accounting software- Tally

How will this internship benefit you?

- Like every internship, it will expose you to a professional working environment and show you the ropes of punctuality and a good work ethic. In addition to that, the firm will give you hands-on experiences with managing accounts, working with balance sheets, and handling audit reports.
- The experience will also get you acquainted you with the official terms and words used in the accounting industry.

“The internship strengthened my decision of pursuing finance in university. Professionally, the internship was helpful as I was familiarized with terms I had heard often such as an audit report, assets, sundry creditors/ debtors, liabilities, ledgers etc. “

- Avani Samyani

“It has taught me to use accounting software and experience what an accountant does and the various difficulties faced in case of one mistake and how to correct it.”

- Shreesh

Veteran Tips

- To make the most out of this internship, you need to combine what you learnt at school and at the firm. Moreover, to take things to the next level, going home and researching on the techniques you've learnt are essential.
