

# PROFESSIONAL VETERINARY CLINIC

ADDRESS: Room # 4, RAKBANK Building, Al Garhoud, Behind RTA Bldg. Opp. Al Khaleej National School - Dubai

## Who are they?

- Established in 2012, the clinic welcomes patients from all over Dubai. Their goal as an organization is to establish a veterinary health team entirely dedicated to providing exceptional health care and service to their clients.
- They provide services ranging from routine care for their clients, early detection and treatment of diseases, and complete medical and surgical care.

## What do they offer?

- As an internship programme, they offer the opportunity of shadowing a veterinarian and looking at the intricate details of the profession.
- They provide a comfortable work environment where you can learn freely ask questions to medical professionals with years of experience in the field.

## How will this internship benefit you?

- It will help give insight into a career path that you are potentially exploring.
- Will provide hands-on experience with the nuances of the field, and provide exposure to the different skill sets required to be a medical professional in this field.

*"This internship allowed me to gain experience and understand the importance of collaboration."*

**- Ananya V.**

## Veteran Tips

*"Be prepared to see some sights which may be unpleasant (broken and/or mangled limbs and injured but cute animals). Blood and excreta are not uncommon to be exposed to"*

**- Sanskriti Dubey**
